

### After school Questionnaire for Parents/Guardians

In the past, the Community Support Unit would take the first 30 children who registered for the after school program (first come first served). The response we received from this process was not positive, so we decided on doing a draw (kids' names are put into a bowl and someone other than community support would draw out 30 children's names) when we are over the limit of 30 registered children. This too, has not received positive feedback. Therefore, we are asking you, the parents/guardians for input into how we make the decision regarding which children are accepted into the After School Program. Please note, that we are unable to accept more than 30 children into the program. Due to supervision and safety, availability of space, vehicle space, and appropriate staffing, we must maintain a 30 child cap on the program. Additionally, as this program is prevention based, we are unable to favour working parents over stay at home parents in terms of priority. (that is, children with both working and stay at home parents are considered to be at risk of family violence and child protection concerns).

1. Given the information above, how would you like to see the after school program attendees decided upon?
2. Do we need to have a screening process for the after school program?

#### **Social and Health Services**

Mississaugas of the New Credit First Nation  
659 Unit 2, New Credit Road, R.R. #6, Hagersville, ON N0A 1H0

- 
3. Do you think the afterschool program should only be for New Credit Band Members or for all the children attending LSK school?

4. Any additional comments are welcomed.

We appreciate your feedback, and will do our best to continue to attempt to meet the needs of the After School Population within our capacity.
