

General Labourer

Mississauga, ON

Lakeside Process Controls Ltd. ('Lakeside') is recognized as a market leader, providing complete automation solutions to a wide range of industries. Our capabilities in process management and industrial automation enable us to solve our customers' process automation challenges, keeping their operations running safer.

Our solutions range from devices that measure and relay diverse physical and chemical conditions, devices that control flow of materials, networks that transmit event-related information, to process control systems that collect information and trigger necessary actions to ensure continued operations.

Lakeside's success is due to its exceptional people. Our skills and passion for our work is the key to our strong business results. Our commitment to a culture of integrity, teamwork and collaboration is what drives our continued and sustainable growth.

We seek individuals who are engaged, capable and committed to continuous improvement.

If this sounds like you, apply today and discover your potential with Lakeside!

What you will be doing in the role of General Labourer:

Fabrication Shop Support

- Print labels and IFC drawings
- Perform weekly inventory counts and organize consumables
- Prepare and organize cabinet build materials
- Complete basic tool maintenance and shelf organization
- Clean fabrication areas and equipment
- Sort and restack wire, DIN rail, ground bars, and scrap
- Support QA/QC activities for shipping prep
- Assist technicians and complete ad-hoc fabrication tasks

Warehouse Support

- Maintain warehouse cleanliness and organization
- Prepare and assemble shipments with correct documentation

- Verify packing slips against purchase orders
- Provide general warehouse support as needed

General Building & Facilities Support

- Set up and reset meeting rooms (furniture, supplies, catering)
- Deliver catering and internal mail
- Assemble office furniture and perform light facility repairs
- Restock kitchens and office supply areas
- Escort external maintenance vendors as needed
- Support internal/external events (room setups, common area reset)
- Assist with general building operations and ad-hoc requests

Knowledge and skills required for the role:

- High School Diploma
- 1+ year of shipping and/or warehouse experience
- Forklift certification (required or obtained upon hire)
- Knowledge of health & safety regulations
- Inventory control and Quality Assurance fundamentals
- Basic computer literacy
- Competence with basic shop tools
- Ability to meet heavy physical demands (lifting up to 100 lbs occasionally)

What we give YOU!

- Flexible working schedules, including **hybrid remote work** programs
- A **competitive compensation** package, with RRSP-matching
- Comprehensive **benefits coverage** (medical, dental, vision, EAP & on-demand virtual health care)
- A culture that promotes healthy **work-life balance** with above-market **paid time off**
- A structured **training and development** program and opportunities for continuous learning
- Opportunity to participate in an award-winning **wellness program!**

Commitment to Diversity

Lakeside Process Controls Ltd. is committed to employment equity and welcomes diversity. We believe strongly in celebrating the different perspectives and experiences that come along with having a diverse network of employees, and encourage applications from all

qualified individuals, including: persons with disabilities, Indigenous persons, women, and members of visible minorities.

If you require accommodations to complete an application, please contact Human Resources at human.resources@lakesidecontrols.com and we will work with you to meet your accommodation needs.
