About Mississaugas of the Credit Business Corporation:

MCBC exists to build long-term wealth and develop short-term income opportunities for its sole Shareholder, the MCFN Chief and Council. The company develops and manages the for-profit, on- and off- reserve enterprises on behalf of MCFN. In fulfilling its mandate, MCBC seeks to honorably represent MCFN's history, culture and core values.

MCBC is governed by a board of five (5) to seven (7) voting directors and three (3) non-voting directors. The voting directors are required to be independent of the shareholder (e.g., members of MCFN Council and employees of MCFN are excluded from serving). The three non-voting members, one Member of Council, one Elder, and one Youth, are appointed to represent the designated interest as members of MCFN. In addition to the board's responsibility for oversight of the operations of MCBC, assessing performance, and approving policies, the directors are responsible for setting the strategic direction of MCBC and ensuring that the corporation follows good business practices, such as planning, budgeting, and risk management.

The Board typically meets once a month (usually in the early evening), and Directors generally are expected to participate in additional committee work. MCBC reports on its business and affairs to the Shareholder at the Annual General Meeting.

The Treaty Lands of MCFN comprise most of Ontario's Greater Golden Horseshoe, which contains approximately two-thirds of Ontario's GDP and one-fifth of Canada's GDP. In pursuit of projects within MCFN Territory and Treaty Lands, MCBC aim is to position itself as the preferred First Nation partner to major clients and customers, from regional, national and multi-national corporations to Canada's local, provincial and federal governments.
